

## GELOTTE HOMMAS DRIVDAHL ARCHITECTURE

**Gelotte Hommas Drivdahl Architecture** is looking for a highly motivated ArchiCAD Modeler to join their team in Bellevue, WA.

Are you a highly motivated and dynamic individual in search of a lifelong career that never disappoints? Are you overflowing with inspiration and talent? Eager to learn and develop for career advancement?

Gelotte Hommas Drivdahl Architecture is comprised of dedicated dynamic individuals who provide extraordinary customer service, work ethic, and positivity. We are always looking for the brightest talent - come and join the family!

We provide a flexible work environment and a professional culture that encourages career growth. We also love to be involved in our community such as designing and building massive gingerbread projects seen by 100,000+ people every holiday season. If you are passionate about the art of design, embrace a flexible work schedule and enjoy working with great people, we want to hear from you.

Our office, located in Bellevue, WA, is within reach of a combination of cultural amenities, restaurants, and outdoor recreation. Learn more about us: <https://theartofarchitecture.com/the-rest/>.

What you will be doing?

- Provide ArchiCAD modeling of high-end residential designs for a variety of projects
- Prepare construction documents
- Working within assigned deadlines and milestones
- Take an active, positive role in collaborative office & project team environments

What skills and experience do we need from you?

- Proficiency using ArchiCAD
- Prefer 1 1/2 years' experience using ArchiCAD
- Education in Architecture or related degree preferred but not required. Current students and recent graduates welcome
- Ability to communicate verbally, visually and conceptually
- Ability to prepare construction documents using ArchiCAD
- Excellent organization skills & attention to detail
- Strong skills with Microsoft Office and Adobe Creative Suite
- Confidence in working on complex projects and in a professional environment
- Be able to demonstrate clear and effective written and oral communications skills
- Must be able to read, write and speak English with high proficiency
- Have a strong work ethic and a commitment to the firm's success
- Ability to interact with team members at all levels and to help in the preparation of drawings, 3D models, presentations, and so on, for projects at all stages
- We will consider non-local candidates but will not offer relocation assistance
